

# Natural Capital Expedition: Built Environment

Tuesday the 23<sup>rd</sup> of January 2018

13h30 - 17h30

CIRCL | Gustav Mahlerlaan 1b | Amsterdam | The Netherlands

Financial institutions and companies involved in the built environment are invited to explore:

- Dependencies and impacts of the built environment and construction sector in the value chain
- Opportunities for creating multiple value by including Natural Capital in the investment decision
- How to include societal profits of sustainable construction?

We aim to gain insights on essential next steps to include Natural Capital values in investment decisions in a learning journey setting together with an inspiring mix of pioneering businesses, finance and knowledge institutions.

The Natural Capital Expeditions are organised in close collaboration with the Ministry of Agriculture, Nature and Food Quality. CSR Netherlands, VNO-NCW, NBA and IUCN NL are invited as lead organisations in the Dutch Natural Capital Program for Business.

The next Natural Capital Expedition (the afternoon of the 6<sup>th</sup> of March 2018) will focus on resilience in the food and agriculture sector. On that occasion, we will visit a Bayer test location in Haarlemmermeer, The Netherlands.
